Renewal Completion Ceremony of the School Library at Fukuyama Municipal Abiki Elementary School

On January 14, we attended the renewal completion ceremony of the school library at Fukuyama Municipal Abiki Elementary School, which we supported to improve the environment for school education.

This support was provided for the purpose of creating a diverse learning environment to promote “child-centered learning” in support of the Fukuyama City Board of Education’s efforts to develop and maintain the environment, including enhancement of the school library collection.

Mr. Masaaki Miyoshi, Superintendent of the Fukuyama City Board of Education, Mr. Setsuo Kawada, Principal of Fukuyama Municipal Abiki Elementary School, and 5 student representatives attended the completion ceremony. We also provided support to Kasuga Elementary School and Sanna Elementary School in the same city.
