The Shibuya Ikuikai Foundation

Subsidy to the Holocaust Education Center

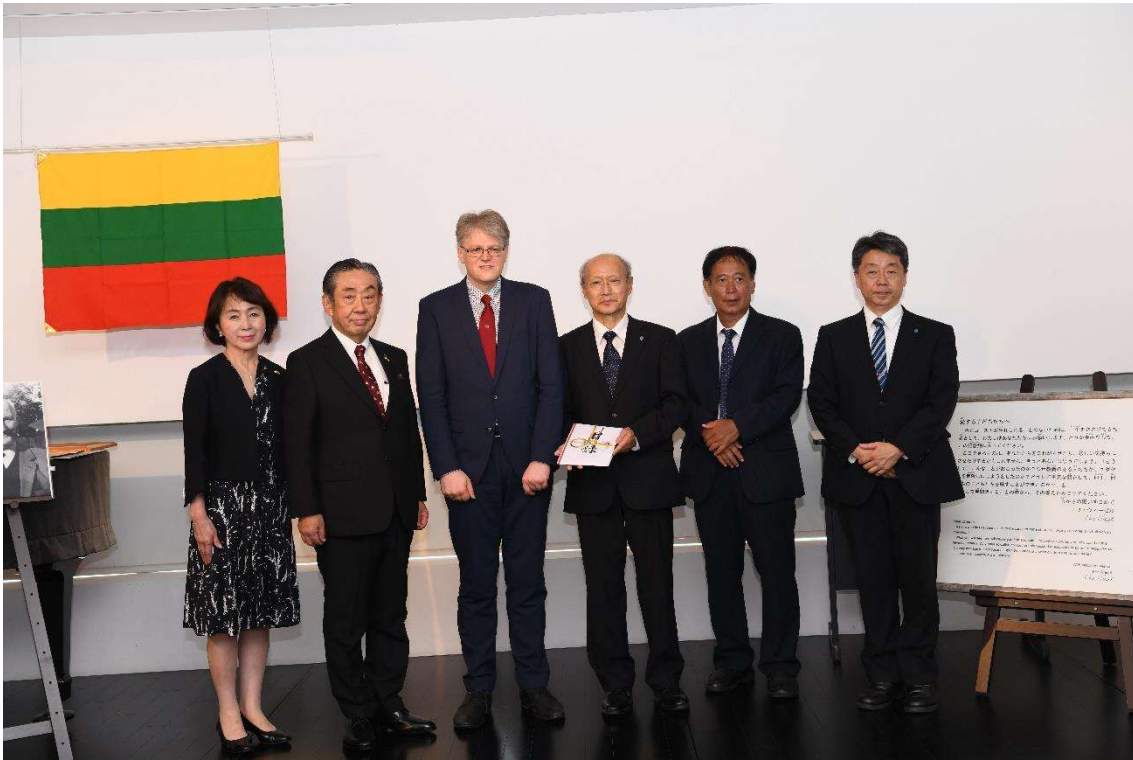

On August 7, the Foundation presented a subsidy of one million yen to the Holocaust Education Center (Fukuyama City, Hiroshima Prefecture) in support of its activities to eliminate discrimination and prejudice and convey peace for its peace education activities for children who will lead the future.

Administrative Director Shigehiro Komaru, who is also Honorary Consul General of the Republic of Lithuania in Fukuyama, escorted Dr. Aurelijus Zykas, Ambassador Extraordinary and Plenipotentiary of the Republic of Lithuania to Japan, and Mr. Toyoei Shigeeda, former Ambassador of the Embassy of Japan in Lithuania (both attended the Peace Memorial Ceremony on August 6) to the Holocaust Education Center and invited them to the ceremony where the subsidy was presented to Mr. Makoto Otsuka, Director General of the Holocaust Education Center.

We continue our efforts to nurture youth, promote education and culture, support peace education activities, and develop local communities.
