The Shibuya Ikueikai Foundation

The 25th Komaru Cup Boys' Judo Tournament

The Foundation sponsored the 25th Komaru Cup Boys' Judo Tournament held by the Fukuyama City Budokan Judo Club Supporters' Association on September 11 at the Fukuyama City Gymnasium.

The tournament was held for the first time in three years due to the impact from COVID-19 in the presence of Mr. Hiroshi Izumi who was an Athens Olympic silver medalist in judo as a guest of honor, and about 160 elementary and junior high school students from Fukuyama City and other parts of Hiroshima Prefecture participated.

We have supported this tournament, which was first held in 1996, in the hope that it helps children develop a sound spirit and learn etiquette, and promotes judo in the local community.

We continue our efforts to nurture youth, promote education and culture, and develop local communities.
